

Thin Type Sandwich Core can be substituted for conventional Thin Type Flat Cable Core.

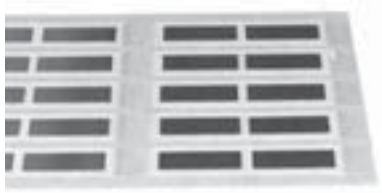

Flat Cable Core

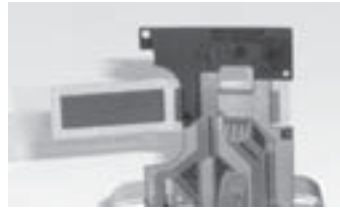

Thin Type Sandwich Cores

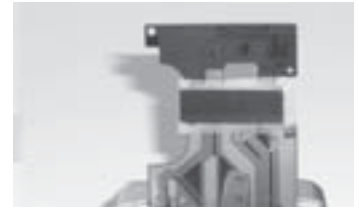

Assembly Procedure Example

Suppliance form: Sheet
 Multiple Sandwich Cores are positioned as set sticks on a provision form sheet, two cores per set. Each set can be easily removed from the sheet like a sticker.

Please attach (1) in the required place.
 The adhesive tape allows for easy placement.

After turning up (2), the tape is affixed on both sides.
 Once attached, (3) should be folded to complete assembly.
